

HK Single Test Strips

The **HK Single Test Strips** are a 'No-Step' drug test, making it the easiest to use onsite testing product on the market. It can deliver instant results with unrivalled ease and convenience.

Non-negative results can be sent to our UKAS accredited laboratory for confirmation analysis using our Chain-of-Custody collection kits (please ask for details).

Hampton Knight can provide competency training, testing protocols and consent forms to ensure your testing process is robust and legally defensible.

The **HK Single Test Strips** panel provides an on-site qualitative test for the presumptive presence of the following drug types:

- | | |
|--|--|
